24

**About Client:**

Client is a leading Midwest multiline Property and Casualty carrier with global distribution.

**Challenges:**

- Develop an administration system to handle policy bundling products and streamline the process from quote to issue.
- Develop a systems which can handle complex and changing regulations for all 50 states
- Determine feasibility of existing system modules to accelerate delivery of completed

**Prime Solution:**

Package Policy C, is an ISO-based, hybrid product that combines the flexibility of the Commercial Package Policy with the built-in protection of a Business Owners Policy. As a result, agency has the ideal alternative to the Commercial Package Policy in meeting the coverage needs of small to mid-sized commercial accounts with a comprehensive product that is packaged and priced for maximum insurance value.

- ISO-based product
- Designed for small to mid-sized package customers
- Nearly 500 classifications
- Property and liability amendatory endorsements enhance/add to standard coverages
- Additional property and liability endorsements add coverage for certain risk types and industry groups

4 LOBs as a choice and included with Commercial Property and General Liability products for the different agencies auto service, business service, contractors, manufacturing/processing, restaurants etc.

- General Liability
- Commercial Property
- CRIME
- Inland Marine

**Advantages:**

- Only one minimum premium applies for **all** coverage parts,
- Bundled tier approach includes a very robust set of core enhancements that are automatically included in the base cost of the product to deliver the protection your smaller business owners and contractors business owners accounts need at maximum insurance value. A second tier gives you the flexibility to offer higher limits of coverage for your larger, mid-market accounts.

## About Prime

Prime Technology Group is a global, technology services company where innovation is at the core of our business engagements. We develop cutting-edge solutions and carefully select the best Information Technology professionals locally and globally to become ambassadors of your business. This approach maximizes our ability to leverage our award-winning team and their competencies. Prime is the conduit which bridges the immediate business solutions today to the technology advances of tomorrow.
